CALL TO ORDER AND ROLL CALL

Board Chair Patrick Mullin called the meeting to order at 10:50 a.m. Secretary Jacqueline Woods called the roll, and a quorum was present.

EXECUTIVE SESSION

Chairperson Mullin announced the Board had a need to meet in Executive Session for the purposes of discussing personnel matters, real estate matters involving the university, and collective bargaining, in accordance with Chapter 121.22, Section G of the Ohio Revised Code. Trustee Harbrecht moved, seconded by Trustee Eckart, that the Board retire into Executive Session. By virtue of a unanimous roll call vote, the Board adjourned into Executive Session. At 1:45 p.m., the executive session concluded and Chair Mullin declared the meeting in recess, to be reconvened at 2:00 p.m. in the Urban Conference Room.

The Board of Trustees reconvened at 2:00 p.m. for its public business meeting.

PROOF OF NOTICE

Chair Mullin announced that public notification of the meeting was given pursuant to Ohio law and University policy.

APPROVAL OF THE AGENDA

Hearing no changes, the agenda was approved by general consent.

Hearing no corrections or additions, the minutes were approved by general consent.

REPORT OF THE CHAIRPERSON

Board Chair Patrick Mullin thanked the administration for once again assembling a very robust agenda for the Board’s committees and the body as a whole. He stated that while much of the news today is dominated by economic concerns and bad news in general, it is very reassuring to see the high quality and breadth of good work occurring at Kent State on so many levels. He noted that a large part of the trustees’ duties is a fiduciary responsibility to Kent State. Trustees are pleased to see the variety of measures the university is taking to respond to current economic conditions.

He observed that trustees and the senior leadership are working with state officials to continue the Governor’s commitment to higher education funding, which will enable Kent State to limit cost increases to students, especially in these tough times for many families. Chair Mullin stated that the Board values the efforts by President Lefton, the vice presidents, deans, and the faculty and staff to be creative and responsible in managing institutional resources and especially in working with students and families to help them secure the funds they need to pay for college. He also expressed appreciation to President Barack Obama and the Congress for including increases in need-based financial aid as part of the recent federal economic stimulus package.

Thanks to the staff’s excellent management, the Board will approve a relatively modest increase in room and board rates—slightly under the 6% rate included in long-range capital planning for the residence halls. Even with these necessary adjustments, the total cost of education at Kent State remains one of the lowest of Ohio’s public universities, Trustee Mullin said.

He asked retiring trustee Sandra Harbrecht to chair the Nominating Committee and also asked Trustees Jane Timken and Emilio Ferrara to serve. The committee should be prepared to issue its recommendations for the Board’s 2009-2010 officers at the next meeting. He reminded the group that Spring Commencement ceremonies will be held May 16. Speakers will include Trustee Harbrecht as well as Dr. Stephen Joel Trachtenberg, President Emeritus of The George Washington University.

REPORT OF THE PRESIDENT

President Lefton thanked Chair Mullin for his comments, observing that the board and administration since 2006 have developed a series of strategies that taken together, should produce momentum that has centrifugal force and grows each year. Best-selling author Jim Collin refers to this as the Flywheel Effect, according to Dr. Lefton, with the process akin to relentlessly pushing a giant, heavy flywheel in one direction, turn upon turn, building momentum until a point of breakthrough and beyond. Dr. Lefton remarked that each piece of the
university’s Excellence Agenda—excellence in academics, excellence in our student body, excellence in our operations, and excellence in community engagement—pushes our flywheel.

Unduplicated spring headcount enrollments are up 7.44% university-wide, with a 3.89% increase at the Kent Campus, according to Dr. Lefton. This means that 2,371 additional students are taking classes across KSU campuses this spring. Enrollments rose even more dramatically at the regional campuses: Ashtabula, up 30.76% (to 1,781 students); Geauga, up 16.63% (to 1,017 students); Trumbull, up 14.53% (to 2,041 students); East Liverpool, up 13.96% (to 857 students); Stark, up 13.89% (to 3,658 students); Tuscarawas, up 7.63% (to 1,805 students); Salem, up 4.43% (to 1,131 students). Fall-to-spring retention rose in all categories, up by 2.7% at Kent Campus and 4.8% at regional campuses.

President Lefton cited honors recently earned by Kent State faculty and staff. Three faculty members won the university’s 2009 Distinguished Scholarship Awards: Dr. C. Owen Lovejoy, anthropology; Dr. Carol Maier, modern and classical languages; and Dr. Lewis Fried, English. The American Library Association gave its most prestigious national award for information literacy scholarship, the 2009 Ilene Rockman Award, to four Kent State faculty: Carolyn Radcliff, professor; Kenneth Burhanna, assistant professor; Julie Gedeon, assistant professor; and Joseph Salem, associate professor. Dr. Mark Holder, director of Kent State’s nationally ranked Financial Engineering Program, was named secretary and treasurer of the Institute for Financial Markets.

The university also recently received national recognition on several fronts recently, Dr. Lefton reported. Kent State ranked sixth in the nation in the number of doctoral degrees in physics awarded to African-American candidates between 1973 and 2004, according to a recent analysis by the American Institute of Physics Statistical Research Center. Three Kent State campuses (Kent, Stark and Tuscarawas) were named to the President’s Higher Education Community Service Honor Roll, the highest federal recognition a university can achieve for its commitment to service learning and civic engagement. Kent State was named Ohio’s First Tree Campus USA University by the Arbor Day Foundation. This award recognizes the university’s dedication to campus forestry management and environmental stewardship.

Dr. Lefton noted that he has initiated a monthly “Lunch with the President” program. Students can sign up on a first-come, first-served basis to participate in small, informal luncheon discussions, held in the President’s office.

PERSONNEL ACTIONS

President Lefton asked Vice President Walker to present, in the absence of Provost Robert Frank, the academic personnel actions and the non-academic personnel actions.
ACADEMIC PERSONNEL

Vice President Walker reported that the academic actions were routine in nature.

NON-ACADEMIC PERSONNEL

Vice President Walker noted that the non-academic actions were routine.

ACTION: There were no objections to placing the personnel actions on the consent agenda.

REPORT OF THE EXTERNAL RELATIONS AND DEVELOPMENT COMMITTEE

Committee Chair Dennis Eckart reported that the External Relations and Development Committee heard two informational reports. Vice President Iris Harvey shared information about disciplined efforts underway in revitalizing the role of the Division of University Relations. This approach consists of several directions including investing in the excellence agenda, fostering a market orientation, using meaningful data to inform decisions, segmenting audiences for differentiated outreach efforts, setting goals, and committing to and stewarding the Kent State brand.

Vice President Gene Finn reported that the university is experiencing its best fundraising year ever, according to Trustee Eckart. As of the end of February, fundraising reached $27.2 million, compared to $9.5 million at the same time a year ago. He noted that this figure includes a $13.7-million gift of software to the College of Technology and campaign attainment to date stood at more than $150 million.

REPORT OF THE ACADEMIC EXCELLENCE AND STUDENT SUCCESS COMMITTEE

Committee Chair Sandra Harbrecht reported that the Academic Excellence and Student Success Committee approved two management decision items and heard two informational reports.

REVISIONS TO FACULTY SENATE CHARTER AND BYLAWS

Trustee Harbrecht asked trustees to approve proposed revisions to the Faculty Senate Charter and Bylaws. One of the most significant changes is the reorganization of the Educational Policies Council, she explained. Under the proposed changes, two councils—one for undergraduate studies and one for graduate studies—would be formed. This reorganization is common within large complex research universities, she said.

Resolution 2009-15

State capital funds totaling $1 million were appropriated for this project, which will benefit students and faculty of Kent State University at a value reasonably related to the amount of the state-funded improvements. Trustees Mullin and Woods noted for the record that they are members of the University Hospitals board of directors and thus will abstain from the discussion and vote on this matter.
