PREPARING FOR THE ACT

Plan to attend the workshop before your scheduled ACT test date.
Upcoming tests dates: April 8, 2017 and June 10, 2017

Class Session #1: March 20 to 29, 2017  or
Class Session #2: May 15 to 24, 2017

Classes are held on Mondays and Wednesdays, 4-6 pm.

Class fee: $85

Course Objectives:
• To enable students to enter a national assessment examination with confidence.
• To prepare for a standardized test.
• To improve scores on the ACT.
• To use efficient test-taking techniques.
• To understand the scores on the ACT.

Course Description:
This workshop is designed to assist the superior, average, and below-average students to achieve better scores on the ACT; to expose students to efficient test-taking techniques; to present commercially prepared material to show students how to add words to their vocabularies, how to read more efficiently, and how to improve their ability to think mathematically. Students will review specific types of questions often found on the ACT. Practice tests will help students discover “weak spots” and what to do about them.
