Blogs

Blogs allow for students to share their thoughts out with the rest of the class using text, images or other attachments.

- Once the Instructor creates a Blog, you can find it by going into the course and clicking Course Tools on the Left Navigation Bar. Scroll until you find Blogs then click on it.

- You’ll be brought to a screen where the Blog can be found. Click on the desired Blog.
Click ‘Create Blog Entry’ at the top left corner to add a response to the Blog. Students and instructors can comment on your responses by clicking the ‘Comment’ button at the bottom right corner of your response.

For additional support, contact the Helpdesk at 330-672-4357 (HELP) or visit support.kent.edu.
