Travel

The Florence airport (FLR) is called Amerigo Vespucci and is situated on the north-west outskirts of Florence, just 4 km from the city center. From the Florence airport, you can get to downtown Florence either with a taxi or with the special "Vola in Bus" bus shuttle that you can take from the airport to the central Santa Maria Novella train station (SMN). It takes about 20 minutes, depending on the traffic. The service runs daily, including Sundays and holidays.

The Florence Airport is connected to some of Europe's major airports such as Amsterdam, Barcelona, Brussels, Bucharest, Frankfurt, Geneva, London Gatwick, Madrid, Munich, Paris Charles de Gaulle and Vienna.

Another possibility is to fly to Pisa. The Pisa Mover shuttle connects Pisa Airport to the Pisa Centrale main train station throughout the day, and from there you can take the train to Florence's SMN train station and be in Florence in about an hour.

## Goals and Objectives

Participants in the 2018 Podiatric Medical Seminar in the City of the Renaissance will be able to:

- Examine the specific roles of different imaging techniques for the assessment of foot pathology, including the following modalities: standard radiographic interpretation, computerized tomography, and MRI imaging.
- Understand the biomechanics of the foot in patients including clinical assessment, radiographic findings, the importance of gait analysis, and plantar pressure measurements. Using patient examples to correlate clinical assessment in common foot deformities and injuries.
- Recognize skin lesions of the foot including clinical presentation, indication for and performance of common skin biopsy techniques.
- Understand the pathology that leads to the development of diabetic foot ulcers, and evidence-based management of diabetic foot ulcers including local wound management, offloading, infection, and Charcot neuroarthropathy.

**Accreditation:**

Kent State University College of Podiatric Medicine is approved by the Council on Podiatric Medical Education as a provider of continuing education in podiatric medicine. Kent State University College of Podiatric Medicine has approved this activity for a maximum of (20) continuing education contact hours.
Welcome

Dear colleagues,

It is a great honour to invite you to participate in the Podiatric Medical Seminar in the City of the Renaissance, held on 24-26 May 2018 at the Kent State University in Florence Italy.

The seminar will be divided into three days with both theoretical sessions and afternoon sessions, which will consist of a variety of lectures, workshops and small group sessions.

For up-to-date information about the seminar, please visit: www.kent.edu/cpm/florence2018

We look forward to welcoming you to Florence!

On behalf of the Scientific Committee

Vincent J. Hetherington
Senior Associate Dean, Kent State University College of Podiatric Medicine

Alberto Piaggesi
Director of the Diabetic Foot Section of the Pisa University Hospital

Eduardo Laiolo
Chief of Diagnostic Imaging, Pegaso Medical Center of Grosseto, Italy

Register Today!
www.kent.edu/cpm/florence2018

Speaker Bios

Bradley Bakotic, DPM, DO
Founder of the Rhem Foundation / Board Certified Dermatopathologist, Anatomic & Clinical Pathology / Serves on the Editorial Boards of the Journal of Foot & Ankle Surgery, Podiatry Online, and Dermatopathology Practical and Comerzual

Allan Boije, DPM
Dean, Kent State University College of Podiatric Medicine, Independence, Ohio / Professor, Department of Foot & Ankle Surgery and Biomechanics, Kent State University College of Podiatric Medicine, Independence, Ohio / Doctorate, Podiatric Medicine, Ohio College of Podiatric Medicine of Diplomate, American Board of Foot & Ankle Surgery / Fellow, American College of Foot and Ankle Surgeons

Sicco Bus, Ph.D
Senior Investigator and Head of Human Performance Laboratory at Academic Medical Center, University of Amsterdam / Associate Professor at Academic Medical Center, Netherlands / Specializes in Biomechanics, Clinical Research, Diabetology and Rehabilitation Medicine

Bryan Caldwell, DPM
Director of Clinical Education and Clinic Operations, Cleveland Foot & Ankle Clinic / Assistant Dean and Professor in the Division of Podiatric Medicine, KSUCPM, Kent State University College of Podiatric Medicine / Diplomate, American Board of Podiatric Medicine / Physician Member, American College of Physician Executives

Carmelo Chisari, MD
Graduate of the University of Padova, Italy / Post-doctoral training in Neuro-rehabilitation and Neuro-physiology at the Department of Neuroscience, University of Pisa / Specializes in Podiatry Medicine / Assistant Professor of Neuro-rehabilitation at the University of Pisa / Chief of Laboratory for the study and treatment of motor disorders at the University Hospitals of Pisa / Reference ad hoc for several International Journals in the field of Neuroscience and Neuro-rehabilitation

Edward Glaser, DPM
CEO, Sole Support Inc. / Graduate of the New York College of Podiatric Medicine / Known for re-visioning and re-engineering the way practitioners can significantly correct poor biomechanics in the foot and lower extremity

Chiara Goretti, MD
Graduated in Medicine and Surgery at the University of Pisa / Residency at the Department Endocrinology and Metabolism, University of Pisa / Co-author of many papers on international peer-reviewed publications, mainly focused on EF and surgery

Vincent J. Hetherington DPM, MS
Senior Associate Dean, Kent State University College of Podiatric Medicine / Senior Associate Dean for the Division of Academic Affairs, Professor in the Department of Foot & Ankle Surgery and Biomechanics, Kent State University College of Podiatric Medicine / Diplomate, American Board of Podiatric Surgery / Fellow, American College of Foot and Ankle Surgeons / Fellow, American Society of Podiatric Surgeons / Fellow, American College of Foot and Ankle Orthopedics and Medicine / Fellow, Faculty of Podiatric Medicine, Royal College of Physicians and Surgeons (Glasgow) / President, International Academy of Podiatric Medical Educators (IAPME) / Scientific Chairman, 2016 FIP World Congress of Podiatry

Eduardo Laiolo, MD
Scientific Co-Chair, 2017 Podiatric Medical Seminar in the City of the Renaissance / Specialization in Radiodiagnosis and imaging Sciences, University of Pisa / Chief of Diagnostic Imaging, Pegaso Medical Center of Grosseto, Italy / Professor, Radiodiagnostics Specialization School and Imaging Sciences, University of Pisa / Radiologist, Interventional Radiologist, Misericordia Hospital, Grosseto, Italy

Larry Osber, DPM
Professor in the Division of Podiatric & General Medicine, Kent State University College of Podiatric Medicine, Independence, Ohio / Director, Radiology Department, Cleveland Foot & Ankle Clinic, Cleveland, Ohio / Member, Governor’s Radiation Advisory Council, Ohio Department of Health / Chairman, Ohio Radiation Generating Equipment Committee, Ohio / Department of Health, Columbus Ohio / Section Editor, Journal of Foot and Ankle Surgery

Alberto Piaggesi, MD
Graduate, Medicine and Surgery at the Medical School of the University of Pisa / Specializes in Internal Medicine, Endocrinology and Metabolism, Consultant at the Department of Endocrinology and Metabolism of the University of Pisa / Professor at the Pediatric School of the University of Pisa / member on the Board of Directors of the Diabetic Foot Study Group of the European Association for the Study of Diabetes / Chairman of the Diabetic Foot Study Group of the Italian Diabetology Society / Chief of Staff for the Diabetic Foot Team of the Azienda Ospedaliera Universitaria Pisana

Lucia Ricci, MD
Director of the Division of Diabetology at Ospedale San Domenico in Arezzo, Italy / Medical degree and residency training in Gastroenterology and Digestive Endoscopy Professor, Division of Surgery, Catholic University of the Sacred Heart in Rome, Italy / Member of the editorial board of “II Diabete” (The Official Journal of the Italian Society of Diabetology)

Fabrizio Ricciardelli, Ph.D
Ph.D. from the University of Warwick in England / Director of the Kent State University Florence Center / Served as Professor and Academic Director of History at Georgetown University / Served as Chairman of the scientific committee “Villa Le Balze Studio” / Author and co-author of numerous books on institutional and political history / Appointed Co-Secretary Treasurer of the Association of American College and University Programs in Italy

Loredana Rizzo, MD
Graduated in Medicine and Surgery cum laude, University of Pisa, Pisa, Italy / Specialty, Endocrinology and Metabolism / Director of Diabetology Unit of “Misericordia” Hospital of Grosseto

Alessia Scatena, MD
Diabetologist, Diabetic Foot Specialist, Diabetology & Diabetic Foot Unit, San Donato Hospital, Arezzo, Italy / Postgraduate School in Endocrinology and Metabolism, Department, University of Pisa (Italy) / Graduate of Medicine and Surgery / Author of book “Hypothalamic and Immunohistochemical Features of the Diabetic Foot Lesions” University of Pisa, Italy

General Information

Dates
24 - 26 May 2018

Venue
Kent State University, Florence Center
Palazzo Vettori, Via Cavour, 26
50129 Florence, Italy

Website
www.kent.edu/cpm/florence2018

Accreditation
The organisers will apply for CME accreditation for both European and American participants.

Social events
All participants are invited to the following events:

Welcome reception
24 May 2018 at the Kent State University

Course dinner
25 May at Restaurant Cafaggi

Registration fees
Category Until March 1, 2018 After
Full Participant 650 EUR 750 EUR
Student 300 EUR 350 EUR

Included in the registration fee:
Admission to the full seminar programme, coffee and lunch breaks, Welcome Reception on 24 May and dinner on 25 May.

Please register for the seminar through the website.

Hotels
Below you will find a list of suggested hotels in Florence. We recommend you to book the hotel room well in advance due to the high season.

Presso l’Hotel Lorollogio
www.hotelorologioflorence.com

Presso l’Hotel Santa Maria Novella
www.hotelsantamarianovella.it

Presso Garibaldi Blu
www.whythebesthotels.com

Hotel Orto de Medici
www.ortodeimedic.i.it

Hotel Balestri
www.hotel-balestri.it

The principle topics of the seminar are:
- Podiatric Medicine
- Biomechanics
- Imaging

The seminar will be divided into three days with both theoretical sessions and afternoon sessions, which will consist of a variety of lectures, workshops and small group sessions.

In addition to the above, the following topics will be covered:
- Podiatry
- Biomechanics
- Imaging
- Podiatric Medicine

For up-to-date information about the seminar, please visit: www.kent.edu/cpm/florence2018

We look forward to welcoming you to Florence!
