STUDY AWAY SEMESTER _____ SITE _____

The Honors College encourages all of its students to acquire broader national and global perspectives and appreciate cross-cultural values and achievements. For this reason, we grant three Honors hours and stipend/scholarship support for selected study away semester programs. This option can be used a maximum of two times to count as Honors credit. Stipends for Honors study away programs are limited to a maximum total of \$1,000 per student and are based on available funding.

To receive Honors hours and a stipend, the following requirements are met:

1. The student will participate in a study away semester of four weeks or longer through an accredited university. The study away program must generate at least six hours of credit.
2. The Registrar's Office must receive an official transcript after the experience showing successful completion of coursework (C's or better).
3. The student will e-mail his or her Honors advisor a two- or three- page reflection essay focusing on the learning gained from the experience. This reflection paper should be sent as a ***WORD ATTACHMENT*** and include observations regarding academic work, knowledge of other cultures, and personal growth.
4. The student will also send as an attachment one photograph, preferably of the student in a favorite study away location. This photograph may appear on our Honors College website or in other promotional materials.

The student will submit this form to his or her advisor prior to departure. Submit the required essay and photograph to your Honors advisor within one month of the end of the experience. Stipends can be posted no later than the first two weeks of the following semester. By signing this form, the student gives permission for the Honors College to post submitted materials onto the Honors College website and in other promotional materials.
