Dear Colleagues,

This month, the Kent State University College of Nursing celebrates 50 years of successful faculty research, innovative education, and community outreach. Also, for the last five decades, the College has graduated students who have engaged in nursing research and scholarly activities to improve the quality of nursing care both locally and globally.

The Center for Nursing Research serves as a resource center to continue the College’s tradition of research excellence, providing assistance with grants, publications, and other scholarly activities to ensure the success of faculty and student researchers.

To better recognize and celebrate these accomplishments, I encourage you to send us information about your recent publications, presentations, and other scholarly achievements. I am also interested to hear about the positive impact that College of Nursing faculty and students have in the northeast Ohio community and beyond, so please send me information pertaining to your community outreach, as well as scholarly activities such as service on boards and academic journals. I would also like to direct you to the bulletin board outside our office which features excellent undergraduate research opportunities for students.

Best wishes for a happy and productive Spring semester.

**Campus Opportunities for Faculty**
- **2017 Research Seed Grant Program**: Kent State’s University Research Council (URC) will provide grants of up to $10,000 to support research efforts with potential to attract extramural funding. Proposals will be accepted until Friday, February 17. All full-time TT and NTT faculty are eligible to apply.
- **2017 Annual Research Conference, Developing Your Research Toolbox, Delta Omega, Delta Xi, and Pi Chi chapters of STTI**: Nurses and nursing students are invited to submit abstracts for poster presentations on completed or in-progress research, evidence-based practice, or quality improvement projects by February 17.

**Campus Opportunities for Students**
- Kent State’s **Graduate Student Senate offers awards** to assist graduate students with conducting research and traveling both domestically and internationally. Graduate students may receive one award, per category, per academic year. More information and award due dates may be found at [http://www.kent.edu/graduatescholarships/gss-awards](http://www.kent.edu/graduatescholarships/gss-awards).
- **Undergraduate Symposium on Research, Scholarship, and Creative Activity**: Sponsored by the Office of the Provost, Honors College, Research and Sponsored Programs, and University Libraries, the symposium will take place on March 21 from 1–5 p.m. in the Kent Student Center Ballroom. Abstract submissions accepted until February 1.
- **Summer Undergraduate Research Experience (SURE)**: Sponsored by Research and Sponsored Programs and the Office of the President, the SURE program provides funding support to promising undergraduate researchers engaging in faculty-supervised research for eight weeks over the summer. Information is available at [https://www.kent.edu/student_research/summer-undergraduate-research-experience](https://www.kent.edu/student_research/summer-undergraduate-research-experience).
- **Standing Together: Building a Better Tomorrow Graduate Research Symposium**: Hosted by the Graduate Student Senate (GSS) on Friday, April 21 at the Kent Student Center, the symposium is the largest annual research event at KSU and features oral and poster presentations by graduate students representing a variety of disciplines. Applications for presenters are due by Monday, February 27.
