Suggestions for your Dorm room at Kent

All participants who choose to stay on campus will have their own room with a bathroom and two twin beds. The rooms also have a micro-fridge, are carpeted and have air conditioning. Sheets, a foam pillow, a light blanket and towels are provided. Anything else you might need, including hangers, you need to bring. The list below includes items you might consider throwing in your suitcase.

Items to bring:
- Comfortable, casual clothing and comfortable shoes
- Alarm clock
- Radio
- Hair dryer
- Small reading lamp
- Umbrella (maybe we won't need it!)
- Snacks
- Toiletries (soap, shampoo, toothpaste, etc.)
- Prescription medicines
- Plastic cup (for water)
- Housecoat and slippers
- Pillow, blanket (sheets, a thin foam pillow and one light blanket are provided, but you may prefer your own or want extra)
- Towel and washcloths (these are provided, but you may want extras)
- Sunglasses
- Sweater/jacket - ***dorm rooms and workshop meeting rooms can be chilly***
- Coat hangers (these are a must or you won't be able to hang up your clothes)
- Extension cord (many have suggested this because of the proximity of the outlets in the bathrooms).

There are lots of stores close by if you forget something.
